ONE YEAR to #SwimTrials24
June 15 marked the one-year out mark to the 2024 U.S. Olympic Team Trials - Swimming. The nine-day meet, which will determine next year's U.S. Olympic Team, is set to become the largest indoor swim meet in history. Olympic Trials by the numbers:

- **3**: The amount of weeks it will take to build three pools (two warm-up, one competition) inside of a football stadium.
- **30,000**: The capacity for spectators. If more than 25,000 fans attend on a given night, it would set the record for highest attendance at an indoor swim meet, surpassing the 1936 Berlin Olympics.
- **0.5**: The percentage of USA Swimming membership that are fast enough to qualify for the competition.
- **52**: The maximum size of the U.S. Olympic Team.

Head to usaswimming.org/Trials to see time standards, event schedule and more.
