"SSRP is important because it gives a clear framework on how to start the process for creating a safe environment for all swimmers and coaches."

Culture Built on Character at Splash Club

"Safe Sport is a foundational tool we use to help build trust and stability in our program," head coach Chad Englehart said.
Thank you to all our members who attended the Safe Sport Leadership Conference and USA Swimming Workshop presented by LiveBarn. It was phenomenal to connect in person at the Conference for the first time since 2019!

With permission from our fantastic presenters, we will be making video recordings available for Safe Sport Chairs/Coordinators who were unable to attend. When available, we will update you all in the Safe Sport newsletter.
