

Thank You, Attendees

Thank you to everyone who attended the USA Swimming Safe Sport Leadership Conference on Thursday, September 25. With three separate presenters and almost 100 participants, it was a day when we prioritized Safe Sport and its goal of a sport without abuse.

Here are some highlights of the day:

- Approximately 100 individuals worked together to learn how to mitigate risks, hear the facts about abuse, and understand what they can do in their roles at USA Swimming to keep kids safe.
- Three separate sessions focused on online safety, reporting, and population resiliency. With presenters' permission, all recordings and presenter slides will be made available on the [USA Swimming website](#) when compiled.
- Presenters:
 - Mark Enomoto, a sergeant at the Colorado Springs Police Department, presented on the topic of online safety. His presentation highlighted the risks associated with being online and included resources we can use to mitigate those risks.
 - Nikki Patton works as a Forensic Interview Supervisor in the the Special Victims Section at the Colorado Springs Police Department. Her presentation focused on reporting, specifically addressing barriers that prevent kids from reporting, how adults can respond when a report is made, how to report, and what happens after a report is made.
 - Nicole Weis, MA, LPC, LAC, the Director of Healing and Community Programs at the Lyda Hill Institute for Human Resilience, presented on population resilience and how to overcome stress and strengthen a supportive environment locally within our LSCs and teams.

Special thank you to our presenters (pictured below from left to right): Nicole Weis, Nikki Patton, and Mark Enomoto, for an educational and informative day.
