

Adult Learn to Swim Grant Guidelines

FOR SWIM LESSON PROVIDERS

The USA Swimming Foundation's mission is to save lives and build champions—in the pool and in life; one of the ways we do this is by working to provide opportunities to learn to swim. In partnership with U.S. Masters Swimming, the Adult Learn to Swim Grant Application is open to all swim instructors, facilities, and programs that want to help make more adults safer around water, with a goal to reduce adult drowning risk through education, financial support, and community outreach. The program's hope is that once adults learn to swim or improve their swimming skills, they will have the confidence and desire to continue swimming in a Masters Swimming program and experience the lifelong benefits of swimming.

Adult Learn to Swim Grants are intended to expand current programming to reach under-served and under-represented populations and communities that would not otherwise have the opportunity to learn to swim.

All USA Swimming Foundation Adult Learn to Swim Grant proposals are due by December 15 at 11:59pm Mountain Time.

4. Participants who complete the Program should be provided an opportunity to continue swimming with a USMS program

ALTS Grant General Information:

Funds are intended to expand current programming to reach under-served and under-represented populations and communities that would not otherwise have the opportunity to learn to swim. **Funding can be used to supplement direct program costs such as pool/lane rental or scholarships (free or reduced-cost) for participants.** Grant proposals should indicate expansion to the current scope of service, inclusive of any outreach programs. **The maximum ALTS Grant award per organization is \$5,000.**

Applicants will be asked to identify the projected cost per participant, and to further indicate the expenses incurred per participant. The Grant Review Committee looks most favorably upon programs that show spending in the most cost-effective manner, serve the greatest number of adults, and provide opportunities or connections with programs which allow for participation in U.S. Masters Swimming programs once the appropriate skills have been mastered.

ALTS Grant recipients will be required to:

- Register as a USMS club/workout group, and adult learn to swim instructors will be required to register as USMS members, at the time of award acceptance
- Post the joint entity (USA Swimming Foundation/USA Swimming/USMS) logo to their website with a link to usaswimming.org/foundation
- Sign a Letter of Agreement, which includes an indemnification clause, outlining the details of the program and the requirements of both parties by June 1 of the award year
- Recognize the joint parties (USA Swimming Foundation/USA Swimming/USMS) on program materials and at program locations, including use of any provided protocol
- Complete and submit an End of Year Grant Report no later than December 15 of the award year

If the grant recipient intends to utilize USMS liability insurance to cover their participants, participants must be members of USMS or sign a 30-day guest USMS membership; following the 30-day guest membership period the participant must register with USMS in order for the insurance to remain in effect.

ALTS award recipients are eligible for the following in addition to their allocated funding:

- One (1) fee waiver for the USMS Adult Learn to Swim Instructor Certification Course
- Promotion of the organization's program on the USMS website

**ALTS funds are not intended to provide budget relief, support facility overhead, construction or renovation, aid in the purchase of material goods (including equipment, apparel, etc.), or be used for advertising, promotional, or marketing purposes. Requests for any funding categories other than those listed in the bullets above will immediately be deemed ineligible.*
