PART ONE

TECHNICAL RULES

All provisions under Part One, the Technical Rules, unless otherwise specified on Page 4, "Major Rules Changes", are effective beginning May 15, 1987, and until changed. Rules in effect on the first day of a meet shall govern throughout that meet.

1

All competitive swimming events held under Corporate sanction shall be conducted in accordance with the following rules which are designed to provide fair and equitable conditions of competition and promote uniformity in the sport so that no swimmer shall obtain unfair advantage over another.

It is recommended that the LSC and regional short course and long course championships be held annually and that they be conducted under the rules governing national championships (Article 206), subject to available facilities and personnel. Events other than such championships may use Article 206 as a guide, subject to local conditions and preferences.

It is not the purpose of the Rules and Regulations of United States Swimming (the national governing body) contained herein to set standards of care for the safety of the swimmer. Safety considerations should be addressed by the swimmer, the swim coach and the local public entity or pool owner where events are held.

ARTICLE 101

INDIVIDUAL STROKES AND RELAYS

101.1 BREASTSTROKE

- .1 **Start**—The forward start shall be used.
- .2 **Stroke**—From the beginning of the first armstroke after the start and after each turn, the body shall be kept on the breast and both shoulders shall be in line with the water surface. All movements of the arms shall be simultaneous and in the same horizontal plane without alternating movement. The hands shall be pushed forward together from the breast, and shall be brought back on or under the surface of the water. The hands shall not be brought beyond the hip line, except on the first stroke after the start and each turn. Some part of the swimmer's head shall break the surface of the water at least once during each complete cycle of one arm stroke and one leg kick, except during the first cycle after the start and each turn. During this first cycle the swimmer may take one arm stroke completely back to the legs and one leg kick while wholly submerged.
- .3 **Kick**—All vertical and lateral movements of the legs shall be simultaneous. The feet must be turned outwards in the backward movement. A scissors or a flutter kick or a downward butterfly kick is not permitted. Breaking the surface with the feet shall not merit disqualification unless followed by a downward butterfly kick.

101.2

.4 Turns

A **Short Course**—When touching at each turn, the touch shall be made with both hands simultaneously. It is permissible for a shoulder to be dropped and/or the head to be lowered below the water level of the pool after the final arm pull and prior to the touch. A legal touch may be made at, above or below the surface of the water. Once a legal touch has been made the swimmer may turn in any manner desired. The shoulders must be at or past the vertical toward the breast when the feet leave the wall. The prescribed form must be attained from the beginning of the first arm stroke. This would apply also to the breaststroke leg of the individual medley and the breaststroke leg in the medley relay.

B **Long Course**—When touching at each turn, the touch shall be made with both hands simultaneously while the body is on the breast. The shoulders shall be in line with the water surface. A legal touch may be made at, above or below the surface of the water. Once a legal touch has been made, the swimmer may turn in any manner desired. The shoulders must be at or past the vertical toward the breast when the feet leave the wall. The prescribed form must be attained from the beginning of the first arm stroke.

.5 **Finish**—On the finish the touch of the solid wall or pad shall be made with both hands simultaneously while the body is on the breast. The shoulders shall be in line with the water surface. It is permissible for the head to be lowered below the water level of the pool after the final arm pull and prior to the touch. A legal touch may be made at, above or below the surface of the water.

101.2. BUTTERFLY

.1 **Start**—The forward start shall be used.

.2 **Stroke**—After the start and turns, a swimmer is permitted one or more leg kicks, but only one arm pull under water, which must bring him to the surface. Both arms must be brought forward together over the water and brought backward simultaneously. The body must be kept on the breast, and both shoulders in line with the water surface, from the beginning of the first arm stroke after the start and after each turn.

.3 **Kick**—All up and down movements of the legs and feet must be simultaneous. The position of the legs and feet shall not alternate in relation to each other. The use of the scissor or breaststroke kicking movement is not permitted.

.4 Turns

A **Short Course**—When touching at each turn the touch shall be made with both hands simultaneously. It is permissible to drop a shoulder after the final arm pull and prior to the touch. A legal touch may be made at, above or below the surface of the water. Once a legal touch has been made the swimmer may turn in any manner desired. The prescribed form must be attained from the beginning of the first arm stroke. This would apply also to the butterfly leg of the individual medley and the butterfly leg of the medley relay.

B **Long Course**—When touching at each turn the touch shall be made with both hands simultaneously while the body is on the breast. The shoulders shall be in line with the water surface. A legal touch may be made at, above or below the surface of the water. Once a legal touch has been

made the swimmer may turn in any manner desired. The prescribed form must be attained from the beginning of the first arm stroke.

- .5 **Finish**—On the finish the touch of the solid wall or pad shall be made with both hands simultaneously while the body is on the breast. The shoulders shall be in line with the water surface. A legal touch may be made at, above or below the surface of the water.

101.3. BACKSTROKE

- .1 **Start**—The swimmers shall line up in the water, facing the starting end, with both hands resting either on the end or edge of the pool or on any part of the starting platform or block, or on the starting grips.
- A **Short Course**—The feet may be placed in any position on the end of the pool, and the swimmer may assume any desired starting position which does not remove either foot completely from the water, nor either foot from contact with the end of the pool, nor either hand from the starting grips, pool edge, or starting block. Subject to the approval of the host facility, a backstroke starting block against which to place the feet may be used, if available to all contestants.
- B **Long Course**—It shall be the starter's duty, until the starting gun or device is activated, to see that both the swimmer's feet, including the toes, shall be under the surface of the water, and that no swimmer is standing in or on the gutter, or curling his toes over the lip of the gutter. A backstroke starting block may not be used.
- .2 **Stroke**—The swimmer shall push off on his back and continue swimming on his back throughout the race.
- .3 **Turns**—The swimmer's head, shoulder, foremost hand or arm must touch the end of the course. The shoulders must not turn over beyond the vertical before the touch is made. It is permissible to turn the shoulders beyond the vertical after the touch, but in this case the swimmer must have returned to a position where the shoulders are at or past the vertical toward the back before the feet have left the wall.
- .4 **Finish**—The swimmer shall have finished the race when any part of his person touches the solid wall or pad at the end of the pool.

101.4. FREESTYLE

- .1 **Start**—The forward start shall be used.
- .2 **Stroke**—Freestyle means that in an event so designated the swimmer may swim any style; except that in a medley relay or individual medley event, freestyle means any style other than butterfly, breaststroke or backstroke.
- .3 **Turns**—Upon completion of each length the swimmer must touch the solid wall or pad at the end of the course with some part of his body.
- .4 **Finish**—The swimmer shall have finished the race when any part of his person touches the solid wall or pad at the end of the pool.

101.5. INDIVIDUAL MEDLEY—The swimmer shall swim the prescribed distance in the following order: the first one-fourth, butterfly; the second one-fourth, backstroke; the third one-fourth, breaststroke; and the last one-fourth, freestyle.

101.6

- .1 The stroke and turns for each stroke shall follow the prescribed rules for each stroke.
- .2 The turns from one stroke to another shall be considered turns, not finishes, and are as follows:
 - A **Butterfly to backstroke**—Once a legal touch has been made, the swimmer may turn in any manner desired. The swimmer must have returned to a position where the shoulders are at or past the vertical toward the back before the feet have left the wall.
 - B **Backstroke to breaststroke**—Once a legal touch has been made, the swimmer may turn in any manner desired. The shoulders must be at or past the vertical toward the breast when the feet leave the wall. The prescribed stroke form must be attained prior to the first arm stroke.
 - C **Breaststroke to freestyle**—Once a legal touch has been made, the swimmer may turn in any manner desired.
- (3) **Finish**—The swimmer shall have finished the race when any part of his person touches the solid wall or pad at the end of the pool.

101.6. RELAYS

- .1 **Freestyle Relay**—Four swimmers on each team, each to swim one-fourth of the prescribed distance using any desired stroke(s). Freestyle finish rules apply.
- .2 **Medley Relay**—Four swimmers on each team, each to swim one-fourth of the prescribed distance continuously in the following order: first, backstroke; second, breaststroke; third, butterfly; and fourth, freestyle. Rules pertaining to each stroke used shall govern where applicable. At the end of each leg, the finish rule for each stroke applies in each case.
- .3 **Rules Pertaining to Relay Races**
 - A No swimmer shall swim more than one leg in any relay event.
 - B When automatic relay take-off judging is used, each swimmer must touch the touchplate or pad in his lane at the end of the course to have finished his leg of the relay race.
 - C In relay races a swimmer other than the first swimmer shall not start until his teammate has concluded his leg.
 - D Any relay team member and his relay team shall be disqualified from a race if a team member other than the swimmer designated to swim that leg shall jump into or enter the pool in the area where the race is being conducted before all swimmers of all teams have finished the race.
 - E Each relay team member shall leave the water immediately upon finishing his leg, except the last member.
 - F In relay races the team of a swimmer whose feet have lost touch with the starting platform (ground or deck) before his preceding teammate touches the wall shall be disqualified.

ARTICLE 102

CONDUCT AND OFFICIATING OF ALL SWIMMING COMPETITION

102.1. EVENTS—In planning any meet, careful consideration must be given the demands to be made upon swimmers, officials and spectators, in that order. Long, tiresome meets, with too many events and/or entries, often result in keeping small children up late at night. Meets should be planned to terminate within a maximum period of eight (8) hours of competitive events in any one day. Provide adequate meal and rest breaks and sheltered rest areas, properly supervised.

102.2. ENTRIES - GENERAL RULES

- .1 In any combination of aquatic events conducted on a single day at the same site and where preliminaries and finals are held, no swimmer shall be permitted to compete in more than three (3) events per day, exclusive of relays.
- .2 The above restrictions are effective regardless of the classification mixture and/or that separate meets are being conducted and such limitations shall be clearly stated on the entry blanks.
- .3 When timed finals are held, without preliminary heats, no swimmer shall be permitted to compete in more than 5 events per day exclusive of relays.
- .4 In meets where a combination of preliminary and final events and timed finals are held, a swimmer may compete in only three (3) individual events per day, unless entered exclusively in timed final events on that day.
- .5 If qualifying time standards are used they may be made in
 - A A 25 yard or 25 meter course for short course events.
 - B A 50 meter course for long course events.
- .6 If a meet or event has no qualifying time standards, swimmers with no established time for an event may enter that event with no submitted time.

102.3. SCRATCH PROCEDURES—Each swimmer shall inform himself of the meet starting time and shall report to the proper meet authorities promptly upon call. Meet announcements and advance information shall specify check-in and scratch procedures for individual and relay events and penalties for violation of those procedures.

102.4. RELAYS

- .1 Relay teams may not compete unattached. In all cases relay teams must be composed of USS members of the same club, school or organization which is a member of the Corporation.
- .2 Relays may be conducted on a timed final basis or with preliminaries and finals.
- .3 Timed final relays shall be swum in seeded heats, with not more than two heats (which shall be the fastest heats) conducted during the final session of meets holding preliminaries and finals, and the balance of relay heats will be conducted during the preliminaries.
- .4 Relays conducted as preliminaries and finals shall be seeded and conducted in the same manner as individual events.
- .5 Organizations entering two or more relay teams in an event shall designate them on the entry blank as Team A, Team B, etc.
- .6 The best time of each relay team shall be entered on the entry blank for seeding purposes and no change in time will be permitted.
- .7 First and last names of swimmers eligible to compete in relay events shall be entered on the entry blank according to the event in which they will be eligible to swim. There is no limit to the number of eligible swimmers who may be listed.

- .8 First and last names of competing relay swimmers, their ages, and their order of swimming shall be declared to the clerk of course immediately prior to the start of the relay heat in which such team is entered, and no changes will be permitted thereafter.
- .9 The competing teams, first and last names of members and their ages, must be listed in the meet results.

102.5. LANE ASSIGNMENTS—SEEDING—COUNTERS

- .1 **Preliminary Heats When Finals are Scheduled**—In order to assure seeded positions, the best competitive times of all entries must be submitted. These times shall be assembled (listed) by the meet committee with the fastest swimmer first and the slowest swimmer last. Swimmers whose submitted times are identical should be assigned places in the list by draw. Swimmers with no submitted times shall be considered the slowest and shall be placed at the end of the list by draw. Swimmers shall be placed in lanes under procedure outlined for finals seeding in 102.5.3. Swimmers shall be placed in heats according to submitted times in the following manner:

A Fewer than three heats

- (1) If one heat, it may be seeded as a final heat and swum only during the final session, at the Referee's discretion.
- (2) If two heats, the fastest swimmer shall be seeded in the second heat, next fastest in the first heat, next fastest in the second heat, next in the first heat, next in the second heat, next in the first heat, etc.

- B **Three heats**—The fastest swimmer shall be placed in the third heat, next fastest in the second, next in the first. The fourth fastest swimmer shall be placed in the third heat, the fifth in the second heat, and the sixth fastest in the first heat, the seventh fastest in the third heat, etc.

- C **Four heats or more**—The last three heats of an event shall be seeded in accordance with B above. The heat preceding the last three heats shall consist of the next fastest swimmers; the heat preceding the last four heats shall consist of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in 102.5.3.

- D **Exception**—When there are two or more heats in an event, there shall be a minimum of three swimmers seeded into any one preliminary heat, but subsequent scratches may reduce the number of swimmers in such heat to less than three.

- .2 **Swim-Offs**—A swim-off is considered to be part of the total preliminary process of qualifying for the finals. In no case may a swimmer with a faster time displace another who placed ahead of him within a heat according to the ballot system. If this situation results in disputed qualifications, all swimmers having times tied or within the disputed times shall swim-off to qualify for the disputed place or places in the final. The swim-off will be swum with three watches and two judges on each of the swimmers' lanes and the ballot system or modified ballot system shall be used to determine the order of finish, except when automatic officiating equipment is used and is properly functioning. The official time for the swimmers involved shall be the time set in the original preliminary heat. This elimination may be held at any time set by the Referee,

102.5

but not more than 45 minutes after the last heat of any event in which any one of these swimmers is competing in that session. In the case of a disqualification in a swim-off the swimmer so disqualified is relegated to the lowest qualifying position for which he is competing. Disqualification in a swim-off for a qualifying position in the championship finals shall not eliminate a swimmer from eligibility to compete in the accompanying consolation finals. If disqualifications leave a vacancy for the full complement of finalists, swim-offs shall be continued among the disqualified swimmers until a full complement of finalists is assured.

Note: It shall be the swimmer's responsibility to acquaint himself with all information pertaining to swim-offs, final events and the participants therein.

- .3 Finals**—In finals, the times to be considered are those times made in preliminary heats. If any qualifying swimmers have the same time their respective lanes shall be determined by draw. Lane assignments shall be made in descending order of qualifying times according to lanes as follows:

1 = Fastest time

						5	3	1	2	4	5	
					6	4	2	1	3	5	6	
			7	5	3	1	2	4	6	7		
		8	6	4	2	1	3	5	7	8		
	9	7	5	3	1	2	4	6	8	9		
10	8	6	4	2	1	3	5	7	9	10		
	10	9	8	7	6	5	4	3	2	1

< Lane numbers

.4 Timed Finals

- A Heats**—In order to assure seeded positions, the best competitive times of all entries must be submitted. The last heat shall be composed of the swimmers with the fastest submitted times, the next to last heat composed of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in .3 above. When there are two or more heats there shall be a minimum of three swimmers or relay teams seeded into the first heat. The last heat should be a full heat, but the requirement of seeding three swimmers or relay teams into the first heat may result in failure to fill the last heat.
- B Places**—In timed finals, places shall be determined on a time basis, subject to the order of finish within each heat and based upon the ranking system used at the meet. Any ties resulting from the procedure used shall be declared officially tied for awards and points, with no further attempt at resolution.

- .5 Seeding of 50 meter events in a 50 meter course**—50 meter events swum in a 50 meter course shall be seeded as provided above. If the event is started at the turning end of the course no change in the lane assignments shall be made, i.e., the slowest swimmer in the heat will swim in the right outside lane.
- .6 Counters**
- A A swimmer in any individual swimming event of 400 yards or meters or more, except the individual medley, may appoint one counter to call lengths or indicate lengths by visual sign.
 - B Verbal counters shall be limited to one per swimmer, shall be stationed at the end of the course opposite the starting end, and may not coach or aid the swimmer in any way except that they may use watches and signal intermediate times to the swimmer.
 - C If visual counters are used, they may be stationed at the end or either side of the pool, beyond the halfway point toward the end of the course opposite the starting end. Visual counters may be lowered into the water at the end of the swimmer's lane, provided that, in the opinion of the Referee, they neither physically aid the swimmer or interfere with another competitor or present any safety hazard.
 - D The count may be in ascending or descending order.
 - E In the event of official or counter error it is the responsibility of the swimmer to complete the prescribed distance.
- .7 Distance Events**—In 1000/1650 yard and 800/1500 meter freestyle events, the normal order of heats may be reversed by swimming the fastest heats first and alternating women's and men's heats. The meet announcement shall state the order of heats for these events.

102.6. AWARDS—When two or more swimmers tie for any place, duplicate awards shall be given to each of such tied swimmers. In such cases no awards shall be given for the place or places immediately following the tied positions. If two tie for 1st place, no award for 2nd place; if three tie for 1st place, no awards for 2nd or 3rd, and so on.

If three tie for first place, the points credited to first, second and third places shall be added and divided one-third, one-third and one-third, and so on for four or more tying for first place. The same is true for those tying for second place, third place, and whatever places there may be.
- .6 **Disqualifications**—When a relay team or individual swimmer is disqualified, the following places will move up accordingly and points awarded to conform to the new places. Consolation finalists may not receive championship final placing. Alternates may not receive consolation final placing.

102.8 CHANGE OF PROGRAM AND POSTPONEMENT

- .1 The order of events, as laid down in the official program, shall not be changed. The announced arrangement of heats in any event shall not be added to or altered, except by the authority of the Referee, to the extent of consolidating the heats.
- .2 At the Meet Referee's discretion, individual events 200 yards / meters or longer or any relay event may be combined by age, sex and/or distance provided there is at least one empty lane between any such combination. Strokes may not be combined.

.3 The entry provisions and starting time of any event, meet or portion thereof shall stand as stated on entry blank (except as permitted under .4 below) and may not be changed to an earlier time or date unless written notice of such change is delivered to each affected swimmer or his coach. If mailed, such notice must be postmarked no later than the entry deadline date stated on entry blank, and if lack of time prohibits mail notification, each affected swimmer must voluntarily agree in writing that he or she has been notified and is in accord with such change. Any affected swimmer or his coach may and should file a written protest with the Referee prior to running of event or meet if they do not agree to such change in time or date.

.4 Postponement or Cancellation

- A If, prior to its commencement, unusual or severe weather conditions preclude the possibility of safely and effectively conducting a meet, the meet committee may cancel or postpone it.
- B Should a meet have actually commenced, and in the judgment of the Referee cannot safely and effectively continue because of unusual or severe weather conditions, or for some other compelling reason, the Referee, in his sole discretion, may suspend the meet or any particular event until conditions warrant continuance. If circumstances do not warrant continuance, the Referee may cancel the meet or postpone it to a future date or time, with the approval of the meet committee.
- C A decision to cancel or postpone shall be final.
- D Entry fees for teams or swimmers may be refunded, in whole or part, at the discretion of the meet committee, upon cancellation of a meet or particular event. The decision of the meet committee on refunding may be appealed to the LSC Review Section for hearing under the provisions of Article 401.

102.9. COSTUME

.1 **Design**—Swimmer's costume must be one-piece, non-transparent, and conform to the current concept of the appropriate. The Referee shall have authority to bar offenders from competition under this rule, until they appear properly costumed.

.2 **Insignia**—No swimmer shall be allowed to wear the insignia and/or name of any club or organization which he is not entitled to represent in open competition. He shall be permitted to wear the insignia and/or name of the organization he represents and he may wear the insignia of National Federation or Organizing Committees for Olympic, World, Continental or Regional Championships.

.3 Advertising

- A In the competition venue or complex of all events conducted by and under the control of the Corporation or any LSC or division thereof, no swimsuit shall carry any visible marque or insignia in the form of advertising or any words or numbers (except design or trademarks of members or Organizing Committees for Olympic, World, Continental and Regional Championships) other than the trademark on technical equipment or clothing, that is in excess of 16 sq. cm. (2.48 sq. in.) in area. A trademark may be repeated provided a name is used only once on a suit.

102.10

Offenders may be barred from competition under this rule, until they appear properly costumed.

- B Products involving tobacco, alcohol or pharmaceuticals containing drugs banned under IOC or FINA rules may not be advertised under .3A above, but the advertiser's name only may be used.

102.10. DISQUALIFICATIONS

- .1 A disqualification can be made only by the official within whose jurisdiction the infraction has been committed.
- .2 The Referee or designated official making a disqualification shall make every reasonable effort to seek out the swimmer or his coach and inform him as to the reason for the disqualification.
- .3 Any swimmer who acts in an unsportsmanlike manner may be considered for disciplinary action, at the discretion of the Referee.
- .4 A swimmer must start and finish the race in his assigned lane.
- .5 Standing on the bottom during a freestyle race shall not disqualify a swimmer, but he must not leave the pool, or walk, or spring from the bottom.

- .8 Dipping goggles in the water or splashing water on the competitor's face or body prior to his next event shall not be considered as entering the pool unless the Referee finds that such action is interfering with the competition.
- .9 Should a foul endanger the chance of success of a swimmer, the Referee may allow him to swim in the next round, or should the foul occur in the final he may order it re-swum. In case of collusion to foul another swimmer, the Referee may, at his discretion, disqualify the swimmer for whose aid the foul was committed, as well as the swimmer doing the fouling.
- .10 Coaches having entrants in any event of the program shall not be allowed in the immediate starting area of swimming pools, which must be clearly marked, during the progress of any competition. - .12 For relay disqualifications, refer to 101.6.3.
- .13 The time and/or place of any swimmer or relay team disqualified either during or following an event shall not be recorded in the results of that event. If awards have been made prior to the decision to disqualify they shall be

returned and made to the proper recipient(s) and if points have been scored by those disqualified the event shall be rescored.

- .14 Time and/or place officially recorded for a swimmer shall not be nullified for violations occurring subsequent to such performance.

102.11. PROTESTS

- .1 Until final action is determined, results of any race conducted under protest, or of any protested race, shall not be announced, and no prizes for that race shall be awarded or scoring points allowed unless the protest is officially withdrawn.
- .2 Protests affecting the eligibility of any swimmer to compete or to represent an organization in any race shall be made in writing to the meet director or Referee before the race is held, and if the meet committee deems it advisable, the swimmer may compete under protest and it shall be so announced before the race. The meet committee shall immediately refer such protest to the review section having jurisdiction for adjudication at the earliest possible time.
- .3 Protests against judgment decisions of starters, stroke, turn, place and relay takeoff judges can only be considered by the Referee of the meet.
- .4 Any other protest arising from the competition itself shall be made within 30 minutes after the race in which the alleged infraction took place. If the protest is not resolved immediately the protester shall at that time file a written protest with the chairman of the LSC, or his representative, having jurisdiction over the event. If the LSC does not satisfactorily resolve the protest within ten (10) days, the protester may appeal in writing to the National Rules Chairman, within the next five (5) days, for final adjudication which shall then be binding on all parties.

102.12. OFFICIALS

- .1 All officials accepting an invitation to officiate at a swimming meet should arrive promptly and report immediately to the meet director.
- .2 For all swimming meets or time trials except dual meets there should be not less than the following officiating positions filled or approved by the LSC in authority. Officials other than the Referee may act in more than one officiating capacity only when sufficient qualified officials are not available, but no one may simultaneously time and judge the finish (102.17).

1 Referee

1 Starter

3 Timers per lane

1 Clerk of Course

2 Lane Place Judges per lane or 2 Across-the-Board Place Judges

2 Stroke Judges and 2 Turn Judges or 2 Stroke & Turn Judges

Relay Take-off Judges

2 Recorders

2 Scorers

1 Recorder of Records

1 Announcer

Automatic Equipment Operators (as needed)

- .3 When automatic officiating equipment is used in any competition, the placings and times so determined shall have precedence over the decisions of human

102.12

judges and timers as outlined in 102.21.5. In case of malfunction, secondary information from a manual-electronic timing and judging device with one or more officials per lane or the prescribed ballot system of humans shall be used and integrated with primary information as outlined in 102.20.1.

.4 Minimum Number of Officials Required for Dual Meets

- A Referee, who may also act as a stroke and turn judge.
- B Starter
- C One other stroke and turn judge (may be the Starter)
- D Two scorers—one from each team.
- E Announcer.
- F Three timers for each lane.
- G Relay take-off judges.
- H Two across-the-board judges, one on each side of the pool at the finish line whose independent decisions as to the order of finish may be used for balloting.
- I The visiting team may furnish officials as a courtesy, not a requirement.

.5 Officials For National Championships

- A Officials for national championship meets shall be assigned by the National Officials Chairman with the approval of the National Events Coordinator.
- B For all national championship competition the following officials shall be required and assigned but no more than those listed below shall be on deck at one time.
 - 1 Referee
 - 1 Starter
 - 1 Recall Starter
 - 1 Chief Judge
 - 1 Chief Timer
 - 2 Stroke Judges — 1 each side of pool
 - 1 Timer/Turn Judge per lane
 - 1 Timer/Take-Off Judge per lane
 - 1 Timer/Split Taker per lane
 - 4 Take-off Judges - 2 each side of pool
 - 1 Turn Judge per lane (at opposite end of pool from starting blocks)
 - 2 Clerks of Course
 - 4 Marshals
 - 2 Scorers
 - 4 Recorders
 - 1 Announcer
 - 1 Recorder of Records
 - 1 Press Steward
 - 2 Automatic equipment operators.
- C In addition to officials listed above, assistant referees may be assigned.
- D All officials should be certified National Swimming Officials.

102.13. REFEREE

- .1 Shall have full authority over all officials and shall assign and instruct them; shall enforce all applicable rules and shall decide all questions relating to the actual conduct of the meet, the final settlement of which is not otherwise assigned by said rules; can overrule any meet official on a point of rule interpretation, or on a judgment decision pertaining to an action which he has personally observed; shall also disqualify a swimmer(s) for any violations of the rules that he personally observes and shall at the same time raise one hand overhead with open palm. If he does not make such a signal there shall be no penalty.
- .2 Shall signal the starter that all officials are in position, that the course is clear, and that the competition can begin, before each race; shall assign marshals with specific instructions.
- .3 Shall give a decision on any point where the opinions of the judges differ; shall have authority to intercede in a competition at any stage, to ensure that the racing conditions are observed.
- .4 For LSC and local records only, may assign three (3) additional official timers on request to record a record attempt at initial distances in accordance with 104.2E.
- .5 When automatic or manual-electronic officiating equipment is used and an apparent malfunction occurs it shall be his responsibility to make an immediate investigation to determine whether the swimmer finished in accordance with the rules and/or if there was an actual equipment malfunction.
- .6 He may at his discretion prohibit the use of any bell, siren, horn or other artificial noisemaker during the meet.
- .7 Starting rules may be modified by the Referee to adapt them for handicapped swimmers.
- .8 When the meet sanction allows conducting the events by starting them from the alternate ends of a 50 meter course, the Referee shall establish the necessary administrative and officiating procedures to conform to Part One of the rules and local conditions.
- .9 Refer to 102.11 concerning protests.

102.14. STARTER**.1 Preparation**

- A Shall be provided with at least .22 caliber starting gun. An electronic starting horn with or without an underwater recall device may replace the gun start and recall herein.
- B Shall station himself within ten feet of starting end of pool at a point where gun flash is clearly visible to timers and gun report easily heard by starting swimmers.
- C Upon signal from Referee, assumes full control of swimmers until a fair start has been achieved.
- D Notifies swimmers of the distance, the event and for distances of 400 yards/meters or longer (except individual medley and relays), that "this is a gun/bell lap event".

102.14

- E Notifies relay swimmers that all but the last swimmer must leave the pool immediately upon completion of their leg.

F **Optional Instructions**

Stroke(s) to be used and the order of swimming them.

Number of pool lengths to be swum.

May advise heat when a swimmer is attempting a time at an initial distance.

.2 **The Short Course Start**

- A On receiving clearance from the Referee (for all events except backstroke and medley relay) directs swimmers to step onto the starting block or platform and assume a position with at least one foot at the front of the block before the command "take your mark." Refer to 101.3.1A for backstroke start.
- B Directs swimmers to "take your mark", to which they must respond at once by assuming a starting position. Sufficient time should follow the direction to "take your mark" to enable swimmers to assume a starting position, but no swimmer shall be in motion immediately before the starting signal is given.
- C When all swimmers are motionless in starting position, gives starting signal.

.3 **The Long Course Start**

- A On receiving clearance signal from the Referee (for all events except backstroke and medley relay) directs swimmers to step onto the back surface of the starting block or platform and remain there. Refer to 101.3.1B for backstroke start requirements.
- B Directs the swimmers to "Take your mark", to which they must immediately respond by assuming a starting position with at least one foot at the front of the starting block. Sufficient time should follow "take your mark" to enable swimmers to assume starting positions, but no swimmer shall be in motion immediately before the starting signal is given.
- C When all swimmers are motionless in starting position, gives starting signal.

- .4 **Warning Signal**—In all events 400 yards or meters or longer except the individual medley and relays, the starter shall sound a warning signal over the water at the finish end of the lane of the leading swimmer when that swimmer has two lengths plus five yards (or meters) to swim to finish.

.5 **False Starts**

- A When a swimmer does not respond promptly to the command "take your mark" or false starts before the starting signal is given, the Starter shall immediately release all swimmers with the command "Stand Up" upon which the swimmers may stand up or step off the blocks. Any swimmer who enters the water or backstroker who leaves the starting area shall be charged with a false start, except that a swimmer who would otherwise be charged with the false start may be relieved of the charge if the false start was caused by the swimmer's reaction to the command.

- B All swimmers leaving their marks before the starting signal is given shall be charged with a false start, except that a swimmer who has false started because of the action or movement of another competitor may be relieved of the responsibility for the false start and a false start may be charged only to the offender. (Note exception for deliberate delay or misconduct.)
- C In backstroke or medley relay events a false start may be charged to any swimmer who fails to maintain his feet and/or hands in a legal position after the first warning.
- D When the starting signal is given and one or more swimmers have obtained an unfair advantage, all swimmers shall be recalled at once by a second signal.
- E A swimmer can be charged with a false start by the starter or recall starter only if the Referee or an officially designated Assistant Referee has observed the violation and confirms that the violation occurred.
- F The Starter shall indicate the swimmer or swimmers, if any, who are charged with a false start.
- G Any swimmer who is charged with committing or causing a false start shall be disqualified and shall not be permitted to swim the event. This rule shall not apply to U.S. Swimming international events or to the Trials for Pan American, Pan Pacific, World Championships or Olympic teams, where current FINA false start rules shall apply except that all false starts shall be recalled.
- H A swimmer shall not be disqualified for an illegal starting position at the start or charged with a false start if the race is permitted to proceed without recall. Enforcement of the correct starting position is the responsibility of the Starter, who may impose the appropriate penalty for violation before the starting signal is given.

.6 Deliberate Delay or Misconduct

- A Any swimmer, who delays the start by entering water or by willfully or deliberately disobeying a Starter's command to step on the blocks or to take a starting position, or for any other misconduct taking place at the start, can be disqualified from the event by the Starter with concurrence of the Referee.
- B A swimmer who fails to appear at the starting platform ready to swim in time for the initial start of his heat shall be disqualified.
- C Such disqualifications shall not be charged as a false start.

102.15. RECALL STARTER—A recall starter may be assigned to immediately discharge a gun or other sound device if the automatic equipment is not properly functioning on the starting signal or if a false start has been observed. The position of the recall starter shall be made known to the swimmers. He may also be assigned to assist the starter in any desired manner. A recall starter is mandatory in United States Swimming Championships.

102.16. JUDGES—Shall have jurisdiction over the swimmers immediately after the race has begun.

- .1 **Chief**—An overall "Chief Judge" may assign and supervise the activities of all stroke, turn, place and take-off judges and may report their decisions, or if

desired any judging category may have a designated "Chief". Any "Chief" may act as liaison for his judges and may himself serve simultaneously in one of the judging positions and he shall assign those judges within his category.

.2 Lane Place Judge—

A Two lane place judges shall be stationed at the finish of each lane. Each shall activate a separate switch recording the finish of their lane swimmer, and each recorded impulse shall constitute their placement ballot. If only one such recorded placement decision per lane is possible with the available equipment, either a visual judge shall be assigned to each lane or an across-the-board place judge shall be assigned to provide the second ballot decision.

B It is not the responsibility of the lane place judge to determine if the finish touch meets the requirements of the appropriate stroke rule.

.3 Across-the-Board Place Judge—When limited personnel prevents assignment of lane place judges, two across-the-board judges, one on each side of the course, can be stationed near the finish and each shall judge the order of finish of all swimmers. Should both agree on all lanes, that shall be the official placement. If they disagree, the Modified Ballot System 102.20.2 shall prevail. An across-the board judge may record a tie if a place distinction cannot be made. He shall award each swimmer the highest place that may have been attained.

.4 Stroke Judge—Shall operate on both sides of the pool, preferably walking abreast of the swimmers during all strokes except freestyle, during which events they may leave poolside, at the Referee's discretion; shall ensure that the rules relating to the style of swimming designated for the event are being observed; and shall report any violations to the Referee on signed slips detailing the event, the heat number, the lane number, the swimmer's name and the infraction.

.5 Turn Judge—Shall operate on both ends of the pool; shall ensure that when turning or finishing the swimmer complies with the turning and finishing rules applicable to the stroke used; and shall report any violations to the Referee on signed slips detailing the event, the heat number, lane number, the swimmer's name and infraction observed.

.6 Jurisdiction of Stroke and Turn Judges—Before the competition begins the Referee shall determine the respective areas of stroke and turn responsibility and jurisdiction, which may include joint, concurrent, and coordinated responsibility and jurisdiction. The Referee shall insure that all swimmers shall have fair, equitable, and uniform conditions of judging.

.7 Relay Take-Off Judges—

A After the start of the race, relay take-off judges shall stand beside the starting block of each lane so that they can clearly see both the touch of the incoming swimmer and the feet of the departing swimmer as they leave the starting platform in that lane, and shall judge whether the swimmer is in contact with the platform when the incoming swimmer touches the end of the pool.

B Additional relay take-off judges may be assigned to each side of the course to observe two assigned lanes each. In which case a relay will be disqualified only if the lane take-off judge has reported an infraction and the assigned poolside take-off judge has confirmed the same infraction. If

dual relay take-off judging is used, the lane and poolside take-off judges shall independently report infractions in writing without the use of the infraction hand signal. If poolside relay take-off judges are used they shall be assigned for all relay races throughout the meet.

- C When automatic relay take-off judging equipment is available and in use, take-off judges will be assigned to each lane and stationed as described above. A team will only be disqualified when there is dual confirmation of an illegal take-off (i.e., visual and automatic equipment).

- .8 **Infraction Signal**—Upon observing an infraction within his jurisdiction, the Referee, stroke, turn, or relay take-off judge shall immediately raise one hand overhead with open palm. If the official does not do so, there shall be no penalty.

Exception: Relay take-off judges as outlined in 102.16.7B.

102.17. TIMERS—In any race not timed with automatic or semiautomatic equipment (as provided in 102.21) the time for each competitor shall be taken by three timers stationed at or close to the finish. Each timer operates a manual watch (i.e., any hand-held mechanical or electronic timing device) that is both started and stopped by the timer as described below. These three timers are the official lane timers and their times must be individually recorded to determine the official time on the lane. Alternate or chief timers may substitute for an official lane timer only in the event of failure of a watch or its operator. No official lane timer may simultaneously determine time and place under any circumstances.

.1 Chief Timer

- A Assignment of official lane timers to their lanes shall be subject to the direction of the chief timer.
- B The chief timer shall be responsible for delivery to the recorders of all official times as recorded by the head lane timers, including the times of disqualified swimmers.

.2 Head Lane Timer—The chief timer designates one timer on each lane as the head lane timer. The head lane timer shall be responsible for the following:

- A Determination that the proper swimmer is in his lane and that relay swimmers are swimming in the order listed on the lane timer's card.
- B Determination of and recording of all manual watch times.
- C Assignment of one timer to take relay splits, and initial distance times.
- D Determination of and reporting if the swimmer has delayed in touching or has missed the finish touch pad of an automatic timing device.

.3 Official Lane Timers—The three timers shall be placed directly over their assigned lane at the finish.

- A Each timer shall look at the starter's gun and start his watch at the instant of the flash or smoke. If an electronic sounding device is used, the watch shall be started by the flash of a strobe light, when available, or by sound.
- B All watches shall be stopped when in the opinion of the timer any part of the swimmer's body touches the solid end of the pool or course.
- C It is not the responsibility of the lane timer to judge if the finish touch meets the requirements of the appropriate stroke finish rule, unless assigned additional responsibility as a turn judge.

102.18

- D All lane timers shall promptly report their times to the head lane timer or the designated recorder; present their watches for inspection, if requested, and shall not clear them until given the command to "clear watches".
 - E The time of each watch is recorded on the lane timer's card, and the official time established as described below:
 - (1) If all manual watches on all lanes provide digital displays to a resolution of 0.01 seconds the times shall be recorded as displayed to the hundredths of a second.
 - (2) If dial watches are used, when the hand is not exactly centered on a mark, it shall be considered to be in the space between the marks and the reading shall be that of the following mark.
 - (3) If the manual timing in any lane is by a mixture of dial and digital watches, the dial watches shall be read as described above and the time on the digital watches in all lanes shall be rounded up to the next full tenth whenever there is one-hundredth or more. (Example: 51.11 is recorded as 51.20.)
 - F Split times may be taken during a race by one of the lane timers upon request of the chief timer. The split hand (or function button) shall be stopped when any part of the swimmer's body touches the solid end of the pool or course. Split times shall be recorded on the lane timer's card.
- .4 **Alternate Timer** — There shall be at least one alternate timer who shall start his watch on every race with the starting signal, and whose time shall be used only to substitute in the event of failure of an official lane timer's watch or its operator.
- .5 **Official Time Determination** — Following proper watch reading and recording as described above for each lane:
- A If the times of two of the three watches agree, that time shall be the official time.
 - B If all three watches disagree, the time of the intermediate watch shall be the official time.
 - C If, because of the failure of a watch or its operator, times from only two watches are available, the official time shall be the average of those two watches. When dial watches are in use and the times rounded to the next slowest tenth as described in 102.17.3E(3), the official time shall be the average of those two watches in hundredths of a second. When the watches are read to the hundredth of a second, as described in 102.17.3E(1), any average resulting in thousandths of a second shall be rounded up to the next slowest hundredth of a second.
 - D If the official time is registered in tenths of a second, a zero shall be added and the official time recorded in hundredths of a second (two decimal places) for all purposes. (Example: 56.4 is recorded 56.40.)

102.18. CLERK OF COURSE

- .1 The clerk of course shall be provided with an area clearly marked "Clerk of Course" where all swimmers must report as soon as their event is called.
- .2 He shall be provided with a list of the names of all swimmers in all events including relay swimmers in the order in which they will swim.

- .3 All scratches which have occurred after the printing of the heat sheet shall be reported to the clerk of course and he shall notify the Referee and scoring desk in writing of the failure of any swimmer to report.
- .4 He shall notify the swimmers to wait behind or adjacent to the starting position until the starter takes over control of the race and if they leave the area it will be their responsibility to return in time for their heat or event.

102.19. MARSHALS—Shall have full police charge of the immediate starting area, the sides of the course, and the finish. They shall maintain order among competitors, spectators, officials, and coaches and shall have authority to remove from the vicinity of the competition anyone using profane or abusive language, or whose actions are disrupting the orderly conduct of the meet.

102.20. SCORERS—Shall receive from the recorders the order of finish in timed finals, or consolation finals and championship finals for each event. They shall compile team and high-point scores as applicable.

.1 Ballot System

- A In any race not timed with automatic officiating equipment (as provided in 102.21), the combined duties of the lane place judges and the lane timers shall be to determine placement and official times of the swimmers. Two lane place judges and three timers shall be assigned to each lane.
- B The chief judge shall be responsible for delivery of the lane place judge's cards to the scoring table where the scorers record the appropriate ballot value, including the ballots of disqualified swimmers, on the basis of one for first place selection, two for second, three for third, four for fourth, five for fifth, six for sixth, seven for seventh, eight for eighth. There are two sets of lane place judges and thus two ballots per lane for place.
- C The chief timer shall be responsible for delivery of all the official times (including the times of disqualified swimmers) to the scorers who shall list them in numerical order beginning with the fastest official time per lane. This is for the purpose of assigning ballot values to each lane time. The fastest lane receives a ballot value of 1, the next fastest a value of 2, etc. For identical times, equal ballot values are recorded, with the same progressive numerical assignment; (i.e., swimmers A, B, C, record identical times of 58.47 while swimmer D records time 59.05. Swimmers A, B, C, receive ballot values of 1 and swimmer D a value of 2. Should swimmers E and F [same race] have identical times of 60.00 they would each be assigned ballot values of 3, and continuing in this manner.)
- D The scorers shall then eliminate disqualified swimmers and determine the order of finish of all swimmers in any heat or final event by adding the numerical value of three ballots for each lane. The lane (swimmer) having the lowest numerical total shall be declared the winner, the second lowest shall be second, etc. If these totals result in a tie for any place in a final race, no further attempt shall be made to resolve the tie.
- E In preliminary heats, in no case may a swimmer with a faster time displace another who placed ahead of him within a heat according to the ballot system. If this situation results in disputed qualifications, the swimmers tied with or within the disputed times shall swim off the event within 45 minutes after the last heat or any event in which any one of the swimmers

102.21

is competing in that session. The ballot system must be used to determine the qualifier(s) for the finals except when automatic officiating equipment is used and is properly functioning. The official time for the qualifier shall be the time set in the original preliminary heat.

- 2 **Modified Ballot System**—When two across-the-board judges are used instead of lane place judges:
 - A Value will be assigned to each time and place decision as prescribed under the ballot system.
 - B If the two judge's ballots for a contestant agree, that shall be the official place for that contestant.
 - C If all three ballots disagree, the Referee or his designate will evaluate all information and then determine the order of finish.
- 3 **Place Judging**—The unanimous decision of the two (2) lane place judges as to placement takes precedence over official time in determining the order of finish in a race except where automatic equipment is used as outlined below.

102.21. AUTOMATIC OFFICIATING EQUIPMENT—No swimmer must ever be required to reswim a race due to equipment failure that results in unrecorded or inaccurate time or place results. Automatic and manual electronic equipment shall be backed up by any available equipment and/or human officials.

In any meet in which automatic equipment is used, the following practices and procedures shall apply. No time may be used unless it is the official time using the procedures of this section. Split times recorded to the hundredths of a second by automatic equipment shall be acceptable for all purposes including records and qualifying times, provided that the swimmer completes the full scheduled distance of the event.

1 Description of Equipment

- A **Automatic**—Timing that is started automatically by a gun or horn start and is stopped at the finish of the race by the swimmer's touch.
 - B **Manual-Electronic**—Timing that is started by a common start to all lanes (either manual or with a fixed-delay from the start signal, set to be equal to the manual delay at the finish). The finish is recorded by buttons pushed by timers at the finish touch of the swimmer. This timing may be a primary system if there are three (3) buttons per lane, each operated by a separate timer. A secondary system may use one (1), two (2), or three (3) buttons.
- 2 **Resolution (Timing Accuracy)**—Timing is recorded to hundredths of a second. Any digits representing thousandths shall be dropped with no rounding-off. Identical times to the hundredth shall be ties, with swim-offs as required, to determine qualifiers or alternates for consolation or final heats.
 - 3 **Equipment Location**—The automatic equipment operators shall have an unobstructed view of the finish of the course.
 - 4 **Secondary Requirements**—It is required that the secondary system have a minimum of one (1) timer per lane. There must be at least one (1) manual watch per lane. If the secondary system is manual-electronic, the manual watches become a third system (a backup).

Note: An individual may simultaneously operate two dissimilar devices (one watch/one button), but not two similar devices (two watches or two buttons).

Addendum

Rule 341.3(2) in the 1985 U.S. Swimming Rules and Regulations stated: "All meet directors, referees, starters and stroke and turn judges, serving in an official capacity in the sanctioned event, must be members of United States Swimming."

This rule was inadvertently left out during the reorganization of the 1986 U.S. Swimming Rules and Regulations. IT IS STILL IN EFFECT.

The new number of the rule will be 202.3.7 under Conditions of Sanction.

Thank you for your understanding.

5 Comparison and Ranking Procedures

- A Placement and Ranking**—When completely automatic or three (3) button manual electronic equipment is used as the primary timing, the placement and ranking of the swimmers shall be by integration of official times. The decision of human judges shall not be used for placement.
- B Primary**—All primary times which are free of malfunctions shall be the official times.
- C Secondary**—If there exists a time difference of .3 seconds or more (after correcting for a system timing error as described below, if required) between the primary and secondary (or backup) time in a given lane, a potential malfunction exists. If this potential malfunction is confirmed by other data such as; other watches or buttons in that lane; visual observation by equipment operators; or placement data by officials, the official lane time is the secondary time (after applying any required system timing errors).
- D Secondary System Timing Error**—The secondary system timing error is the simple average of the valid time difference between the primary and secondary times of the individual swimmers in a given heat. Any digits past hundredths are dropped with no rounding-off. This average is used to add (or subtract if appropriate) from the secondary time of a swimmer not having a valid primary time, to find that swimmer's official time. This time is then used for ranking and placing. (See the following example of actual data.)

Example:

3-Button Manual Start Secondary

Lane	Primary	Fast	Middle	Slow	Official
1	52.21	52.07	52.12	52.14	52.21
2	52.18	51.91	52.01	52.06	52.18
3	51.05	50.97	51.00	51.01	51.05
4	51.04	50.78	50.88	50.93	51.04
5	51.86	51.30	51.35	51.38	51.46
6	51.65	51.56	51.57	51.59	51.65
7	52.27	52.13	52.13	52.18	52.27
8	51.87	51.58	51.75	51.89	51.87

$$\text{Secondary System Error} = \frac{.09 + .17 + .05 + .16 + .08 + .14 + 12}{7} = .11 \text{ sec.}$$

$$\text{Official Secondary Time (Lane 5)} = 51.35 + .11 = 51.46$$

- E Primary System Timing Error**—When, through a start or other malfunction the primary system has a systemic error affecting the times of all lanes (but the relative order of finish is accurate) the determination of this error is made by comparison with accurate timing information (usually the lane manual watch times). This comparison and determination is done in the same manner as in the secondary system error calculations. The primary time for all swimmers is determined by adding (or subtracting if appropriate) this system error to the time of each swimmer in the heat. This preserves the order of finish, the relative time of each swimmer in the heat, and the accurate times of the full heat, so that integration and comparison with swimmers in other heats results in fair placement for all swimmers.

102.22

102.22. OFFICIAL TIME

- 1 Official time may be achieved in a USS sanctioned meet or USS approved meet or by one of the following modes:
 - A In a swim-off held to determine placement in a final event.
 - B As lead-off leg in a relay race.
 - C Split time recorded from the official start to the completion of an initial distance within a longer individual event.
 - D In a time trial or record attempt.
- 2 Official time for any swimming event can be achieved only in the relevant stroke/event; (i.e., backstroke time must be achieved in a backstroke event.) Times achieved in a freestyle event can only be recorded as a freestyle time regardless of the stroke used.
- 3 The official time to establish records, times of record and qualifying time standards can be achieved only in accordance with the following timing methods:

TIMING METHOD	OFFICIAL TIME LEVEL
A Automatic timing	—World, American and U.S. Open records; —Initial splits and relay lead-off times for all purposes
B Automatic timing or Manual-electronic with 3 buttons	—OVC's for 50 M distances in a 50 M pool; —Age group records and times of record for 50 M distances in a 50 M pool;
C Manual-electronic with 2 buttons or three watches	—Age group records and times of record, except 50 M distances in a 50 M pool —OVC's, except 50 M distances in 50 M pool; —LSC/local records (unless prohibited by LSC); —Initial splits and relay lead-off times for age group times of record and age group time standards (A, B, C, times, etc.)
D Two watches or manual-electronic with 1 button or one watch	—Age group time standards (A, B, C times, etc.) —Zone, regional and LSC championship time standards.

- 4 World records may be established only when timed by completely automatic timing equipment.
- 5 It is the meet sponsors' or meet director's responsibility to provide a proper back-up timing system for all events so that swimmers are assured of achieving official times meeting the above requirements.

- .6 A backup time adjusted for system timing errors in accordance with the methods described in 102.21 may be used as an official time equal to the level of the timing system to which it has been adjusted.

102.23. ANNOUNCER—Before the start of each event he shall announce the number of heats and the method of qualifying. At the start of each heat he shall announce the lane, the name of each swimmer and club affiliation or if unattached. Achievement of these goals will be accomplished by drawing upon and cooperating with all agencies conducting organized swimming programs, by encouraging maximum participation by coaches, parents, officials and community groups; and by conducting a motivational entity in the form of an outstanding National Championship program, to include the recognition of achievement in all facets of the program — athletes, coaches, officials and support staff.

It is designed to encourage maximum participation, provide an educational experience, enhance physical and mental conditioning, and develop a rich base of swimming talent.

Achievement of these goals will be enhanced by an environment which encourages participation by the maximum number of competitors, coaches, qualified officials, parents, and school and community groups. By providing recognition for all participants, a healthy motivation for self-improvement and advancement is attained.

Competition shall be separated by age group, sex, and ability to promote maximum achievement and recognition. Meets and/or events are usually structured to assure fair competition through the use of time standards, A, B, C, etc. in which only swimmers whose best times correspond to the event's time standards are eligible for participation in that particular event. In this way a series of goals and achievements are available to the swimmer with a measure of success and progress at all levels but with no upper limit on success. Meets are identified as AA, A, B, B/C, or combinations of these ability classifications. The Age Group Swimming Program will be conducted under the technical rules.

206.7. ENTRY BLANKS AND INFORMATION BOOKLET

- .1 The entry blanks and information booklet shall be prepared under joint direction of the National Events Coordinator, the Rules Chairman, the Meet Director, and the Executive Director. Printing, distribution and mailing of the entry blanks and information booklet will be the responsibility of U.S. Swimming. All data shall be approved in writing by the National Events Coordinator prior to printing and distribution.
- .2 The entry blanks shall conform exactly to the standard format agreed upon by Program Operations, and no other shall be used.
- .3 One set of the entry blanks and information booklet shall be sent by first class mail at least 90 days prior to the meet entry closing date to all LSC General Chairmen, LSC Senior Chairmen, LSC Coaches Representatives and LSC Registration Chairmen and to all coaches of unattached swimmers and teams that were entered in the two immediately preceding national championships (one short course, one long course). The mailing list to be used shall be maintained by the Executive Director and updated following each national championship with the assistance of the meet director of that meet.
- .4 The information booklet shall state qualifying times and procedures necessary for proof of entry times. (See 206.10)
- .5 The information booklet shall state that foreign swimmers must comply with all meet entry requirements.
- .6 The meet director's telephone number should be included in the information booklet.
- .7 Entry fees shall be \$5.00 for individual events and \$10.00 for relay teams.
- .8 The closing date for entries in all national championship events must be at least one week before the first day of competition.
- .9 It shall be the responsibility of the sponsor to ship the submitted entry blanks to the Executive Director immediately following the championships. Those entry blanks will be retained for a period of one year.

206.8. ENTRIES

- .1 Entry blanks properly filled out and received prior to the meet entry deadline will declare the swimmer and/or relay team officially entered.
- .2 In national short course and long course championships a swimmer may enter any number of individual events in which he has met the qualifying standard time, but he may participate only in the number of individual events equivalent to the number of days in the meet program, i.e., three individual swimming

206.8

events and three relays in a three-day swimming program; four individual swimming events and three relays in a four-day swimming program; five individual swimming events and three relays in a five-day swimming program.

.3 Entries for individual and relay events shall:

- A Be achieved in accordance with 102.22 official time.
- B Be submitted to hundredths of a second (100ths) only, unless recorded by manual watches in tenths (10ths) in which case a zero shall be added to the 10th recording.
- C Be achieved from September 1 of the previous year and no later than the entry deadline date for the USS Short Course Championships, except, swimmers who achieve a Senior National Standard, as established for the next year's Short Course Senior National Championship, at a National Long Course Championship or an official "Time Trial" at that meet will be eligible for that event for the following short course Senior National Championship.
- D Be achieved from September 1 of the previous year and no later than the entry deadline date for the USS Long Course Championships.
- E Times achieved at an altitude of 3,000 feet or above may be adjusted as follows:

Time Adjustment

Event Distance	3000-4250 Feet	4251-6500 Feet	Above 6500 Feet
200	.50 Sec.	1.20 Sec.	1.60 Sec.
400 or 500	2.50 Sec.	5.00 Sec.	7.00 Sec.
800 Free Relay	2.00 Sec.	4.80 Sec.	6.40 Sec.
800 or 1000	5.00 Sec.	10.00 Sec.	15.00 Sec.
1500 or 1650	11.00 Sec.	23.00 Sec.	32.50 Sec.

- (1) Subtract the time indicated above from the actual time achieved at altitude. This is the time to be used on the entry form and seeding will be based on that time. Information relative to the adjustment accompanying the entry form must include name of swimmer, event, date of performance, elevation location, actual time, corrected time and signature of coach.

- (2) A swimmer or relay may use the above adjustments to meet the national qualifying time standard and seeding will be based upon that time.

- F Entries are acceptable using either 25 yard, 25 meter or 50 meter times.

.4 The best times of all swimmers and relay teams must be listed on the entry card or blank. No changes in submitted times, corrections of events entered, or additional entries shall be allowed.

.5 Any swimmer who qualifies for the 1000 or 1650 yard freestyle or the 800 or 1500 meter freestyle may enter at his fastest time or at the time standard, if entered in two or more events on the day of the distance freestyle. In Senior National Championships, swimmers entered in the 800/1000 and 1500/1650 freestyle do not need to enter their best times, but may enter themselves at the time performed at the meet distance (SC-SC, LC-LC) at the previous USS National or Junior Olympic Championship, provided they have made the

qualifying standard at the same distance during the appropriate qualifying period. Swimmers will be seeded at their entered times.

- .6 Program Operations reserves the right to challenge any submitted time.
- .7 Foreign swimmers who are not members of U.S. Swimming may enter national championships provided they have met all qualifying requirements including submission of proof of entered times. (See also 206.10.2B)

.8 Relay Entries

- A Swimmers eligible to compete for an organization in relay events shall be all those listed on the entry blank for that organization.
- B The time for each relay team shall be submitted on the entry blank and no change in time will be permitted. The time for each relay may be submitted as a composite or aggregate time. Aggregate times must be equivalent (i.e. all short course or all long course). Relay teams with properly proven time will be declared entered and will be seeded at the proven and entered time.
- C Each coach shall pick up relay entry forms from the clerk of course on which he shall list the competing relay swimmers, their first and last names, ages, and order of swimming, for each entered relay. Upon reporting to the starting blocks, immediately prior to the start of the relay heat in which such team is entered, the completed relay entry form shall be handed to the head lane timer. No change will be permitted thereafter and failure to present the head lane timer with written list of relay swimmers shall prevent such team from competing. A runner shall be furnished to distribute copies of the listed relay swimmers to the announcer, press and T.V.

2

206.9. QUALIFYING TIME STANDARDS

- .1 National qualifying time standards will be determined from performances at the respective short course and long course Senior National and Junior Olympic championship meets for all swimmers.
 - A The average of the thirty second (32nd) place time achieved in the preliminaries of the two previous championships with the hundredth digit a constant .09, and not slower than the current standard, will become the national qualifying standard for that event in the next like national championship meet for all domestic swimmers.
 - B The sixteenth (16th) place time achieved in the preliminaries, with the hundredths digit a constant .09, and not slower than the current time standard, will be the qualifying time standard for that event in the next like national championship meet for all foreign swimmers.
 - C The above formulas may be adjusted periodically based on recommendations from the Championship Time Standards Committee.
- .2 Program Operations shall approve at each annual meeting the qualifying time standards for both short and long course championships for the following year. Qualifying time standards shall be specified in hundredths of a second.

206.10. PROOF OF ENTERED TIME—The Official Verification Card (OVC) is the system used to provide the registered U.S. Swimmer with the most equitable

206.11

means of "Proof-of-Time" for entry into a Senior National or Junior Olympic Championship for which time standards have been met in a particular event.

Specific rules and procedures concerning the OVC system are outlined in the official U.S. Swimming publication, "OVC Guidelines Handbook, Revised".

.1 Short Course Championships

- A **Individual Events**—All individual entry times must be made prior to the entry deadline and must be proven prior to the scratch deadline for that event through the Official Verification Card (OVC) system.
- B **Relay Events**—Times for each entered relay team must be submitted on the entry form. This entered time must be proven prior to the scratch deadline for each entered relay team, in aggregate or as a team, through the OVC system. For the purpose of proving times, a swimmer may be named on only one relay team in each event. Once the relay team or teams have been proven, any swimmer listed by that organization on the entry form is eligible to compete on that relay team.

Note: Except for USS Junior Olympic Championship meets, the time of any swimmer recorded while legally representing a club within the appropriate time frame may be used in proving relay entry time and that swimmer does not need to be entered in the championship in question.

.2 Long Course Championships

- A Proof of entered time procedure shall be the same as for the short course championships.
- B Foreign swimmers who are not members of U.S. Swimming must provide official meet results with entry form.
- C Times proven through the OVC system shall be official times in accordance with 102.22.

Note: The above requirements shall be made a part of the official entry form for all Senior National and Junior Olympic Championship meets.

.3 Responsibility Clause

- A The coach or swimmer representative who signs a Senior National or Junior Olympic championship entry form thereby attests that all times stated in such entry form are true and correct. He assumes all responsibility for false or incorrect times therein. He shall pay \$100 to the Corporation for each such time unless corrected by that coach or swimmer representative prior to the scratch deadline.
- B Such penalty shall apply in addition to any USS verification officer who has issued an Official Verification Card attesting to such untrue or incorrect time(s).
- C All determinations shall be made in accordance with 401.3 and 401.4.
- D No fines shall be imposed without an opportunity for a hearing. Review shall be permitted pursuant to 401.6.

206.11. VIDEO EQUIPMENT—When accepted videotape or automatic officiating devices are available, these must be used by the Referee in any case of doubt or protests (turns, end of race and relay take-offs).

These standards are based on the 16th best time listed in the national age group 16 best times tabulations. The base time is revised whenever the best times lists show a faster 16th best time.

The calculation of the times listed are as follows: AAAA = 105% of the base time; AAA = 110% of base; AA = 115%; A = 120%; B = 130%. Example: 11-12 girls 100 meter freestyle base time is 1:01.99, from the 1984 top 16 times. The national 'A' time is 1.20 x 1:01.99 = 1:14.39.

The 10 & under age group has been modified by varying the change rate from the standard 5 percent. The rates for this group vary from 4.5% to 7% for different strokes. Also, the 'B' standard is one increment slower, (i.e. 100 free 'B' time is 135% of base.)

PART THREE

ATHLETES' RIGHTS, REGISTRATION AND ELIGIBILITY

ARTICLE 301 ATHLETES' RIGHTS

301.1. Except as provided in 301.2, no individual or organizational member of the Corporation, nor any organization affiliated with the Corporation, may deny or threaten to deny any eligible amateur swimmer, coach, trainer, manager, official or administrator the opportunity to participate in any international swimming competition approved by the Corporation, if selected by the Corporation or one of its members. In addition, except as provided in 301.2, no individual or organizational member of the Corporation, nor any organization affiliated with the Corporation, may censor or otherwise penalize subsequent to the event any swimmer, coach, trainer, manager, official or administrator for having participated in any such international swimming competition approved by the Corporation.

301.2. An educational institution which a swimmer is attending at the time of such international competition may deny the swimmer the opportunity to participate only if said educational institution reasonably determines that such participation would either:

- .1) Prevent the swimmer from meeting the academic requirements which are applicable to all students who participate in the swimmer's particular course of study.
- .2) Jeopardize the swimmer's or the educational institution's performance in the established program in the particular sport in which the swimmer competes, provided that the international competition occurs during the scheduled competitive season of the educational institution.

301.3. Any amateur swimmer who alleges that he or she has been denied or is about to be denied, by a person or an organization affiliated with the Corporation, a right as set forth in 301.1, shall immediately inform the Executive Director, who shall promptly cause an investigation to be made and steps to be taken to settle the controversy without unnecessary delay. Such steps shall include, but not be limited to, advising the Secretary General of the U.S. Olympic Committee, and submitting the matter to the American Arbitration Association for binding arbitration.

301.4. Whenever a swimmer, or party acting on his behalf, informs the Executive Director of an alleged violation of the swimmer's right to participation as set forth in 301.1, the Executive Director shall review all the related evidence of the case and make a report, with a preliminary recommendation, to the National Board of Review within thirty (30) days, or sooner if the situation requires. The Board of Review shall review the case and preliminary recommendation of the Executive Director and take whatever action it deems appropriate. Any of the parties involved in the action who are dissatisfied with the decision of the National Board of Review may appeal said decision under the provisions set forth in 401.7.

ARTICLE 302 ATHLETE REGISTRATION

302.1. All swimmers competing in events sanctioned by the Corporation must be registered as athlete members of the Corporation. Athlete members must meet the rules of eligibility contained in Article 304. No swimmer alleged to be ineligible shall be denied the right to register and compete without being afforded the opportunity to refute the allegations relating to his possible ineligibility, pursuant to Parts Four and/or Six.

302.2. Athlete membership is for a calendar year period. Non-members applying for membership on or after September 1 will be issued a membership card valid through December 31 of the following year.

302.3. APPLICATION—Athlete membership forms may be obtained from the LSC registration chairman. The form must be fully completed, signed, and in the case of a swimmer representing a club, endorsed by a club official. The form shall be submitted with the fee set forth in 302.5 to the registration chairman of the LSC, which shall issue a registration card upon approval.

302.4. RENEWAL APPLICATIONS—On individual renewal forms, the LSC may waive club endorsement if the swimmer applies directly to the committee. The swimmer's signature may be waived if the club completes and submits the applications for its member. When computerized printouts of club membership lists are used, the updated information on the printout for the renewal may be accepted upon certification of accuracy by an official of the club.

302.5. The annual athlete membership fee is composed of the following elements:
.1) A national fee established by the Board of Directors or the House of Delegates;
.2) A local fee established by the LSC.

ARTICLE 303 REPRESENTATION

303.1. In order for a swimmer to compete in USS competition as a representative of a club or educational institution, that organization must be a member in good standing of the LSC and the Corporation or of FINA.

303.2. A swimmer need not reside within the geographical boundaries of the LSC in which the USS club he represents is located, but he must be registered in that LSC; a swimmer who has been released by his club pursuant to 303.4 to represent a secondary school, college or university, wherever located, during the school season, may retain membership in the LSC in which the swimmer's club is located.

303.3. For a swimmer to represent a USS club in a competitive event, one hundred twenty (120) consecutive days must have elapsed without the swimmer having represented any other USS club in USS competition.

303.4. A swimmer registered with a USS non-school club who wishes to compete for a secondary school, college or university shall be automatically released without notice by his club upon commencement of his swimming season to compete for that school in school competition, and he shall similarly be automatically released without notice by such school immediately on termination

of such school swimming season to represent the USS non-school club of his choice immediately (subject to the 120-day rule in 303.3). Verification of school swimming season commencement/termination dates must be provided by the swimmer upon request of the LSC Registration Committee involved.

303.5. When transferring from one LSC to another, a swimmer shall present a written transfer from his previous LSC indicating his last date of competition in an attached status and that he is a swimmer in good standing in that LSC in order to make such transfer. When transferring from one club to another within the same LSC, the procedural requirements established by the LSC Registration Committee shall be followed.

303.6. If a club/organizational member of an LSC has secured a court judgment against an athlete member, (or his parents or custodians) or any other USS member for non-payment of financial obligations that member shall be ineligible to participate in any event of the Corporation and from joining any other USS club/organization until the judgment is satisfied.

303.7. Any LSC club/organization shall place in contract form any financial obligation or waiver of said obligation on the part of the athlete. A copy of the contract shall be given to the athlete, with the original remaining with the club.

303.8. An unattached competitor is a registered swimmer who represents no club, educational institution or other organization.

303.9. An unattached swimmer shall be identified in competition with the LSC in which he is registered, his club, or his place of residence, as specified in the meet entry information.

303.10. All applications for changes of registration must be accompanied by a reasonable fee to be determined by the local registration committee in the LSC in which the swimmer will be registered after the change of registration.

303.11. A swimmer who is a member of another Federation may compete in the United States if he has the written permission of his Federation to do so. This includes swimming for a USS Club with the consent of his Federation. In these situations the athlete shall remain a member of his home Federation under its control and supervision. The athlete shall, however, register with United States Swimming, and he shall, at all times while competing in the United States, observe the Rules and Regulations of United States Swimming (including specifically Article 303 of this Code). Should he represent any club other than his USS club in any competition, 120 consecutive days must have elapsed before the swimmer can represent a USS club in competition (Section 303.3).

ARTICLE 304

ELIGIBILITY

304.1. An amateur swimmer is one who engages in swimming solely for pleasure and the physical, mental and social benefit derived therefrom, and to whom swimming is nothing more than recreation for which no remuneration is received.

304.2. A swimmer is no longer eligible for amateur swimming competition upon engaging in any of the activities proscribed in sections 304.3 through 304.8 unless such activity is specifically permitted under section 304.9 and 304.10.

304.3

304.3. An amateur cannot compete, train, coach or give exhibitions for payment received, directly or indirectly, in money or in kind or for material advantage or benefit.

304.4. An amateur cannot take part in any competition or exhibition with anyone who, to his knowledge, is not an amateur swimmer, except:

- .1 Approved life-saving activities;
- .2 When in the armed services, and then only in armed services competition;
- .3 In other team sports than in swimming; and
- .4 Masters competition.

304.5. An amateur cannot accept reimbursement for board and traveling expenses in excess of the actual justifiable amount incurred by the swimmer.

304.6. An amateur cannot bet or wager on any swimming competition.

304.7. An amateur cannot convert into cash any award or prize won in swimming competition.

304.8. An amateur shall not capitalize on his athletic fame by:

- .1 Engaging for pay or other financial benefit, directly, or indirectly, in any occupation wherein his usefulness or value arises chiefly from the publicity given to the reputation or fame he has achieved from his performance in swimming rather than from his ability to perform the usual acts and duties incidental to such occupation; and
- .2 Attaching his name to press or literary contributions which he has not himself written.

304.9. The amateur status of a swimmer shall not be endangered in each of the following cases, provided that the subject contract or agreement is first approved in writing by FINA or USS and the advertising or promotion clearly so indicates, and, provided further, that any monetary advantages inure to the benefit of FINA, USS, or an organization first approved by USS to receive them:

- .1 Permitting his name, photograph, or performance in swimming to be used for advertising purposes or in the promotion of the sale of goods;
- .2 Appearing on radio or television programs or in film productions referring to his ability or performance as a swimmer; and
- .3 Wearing or using goods furnished to him by a manufacturer, or derived from any other source, which displays advertising in excess of that normally used commercially (provided it is not in conflict with current USS contractual agreements with other manufacturers and suppliers).

304.10. The amateur status of a swimmer shall not be endangered:

- .1 By being paid for teaching elementary swimming or being engaged in approved life saving activities. Being paid for coaching of swimmers is not permitted if coaching is the swimmer's primary vocation.
- .2 By accepting monetary assistance during approved periods of training, including participation in competitions approved or sanctioned by the Corporation; limited, however, to Olympic Games, World Championships, regional games, continental championships and major international competitions. Such

assistance may include payment for food, lodgings, transportation, his sports equipment, coaching, medical care and insurance, and a sum per day for the number of days related to an event as an indemnity against petty expenses.

- .3 By accepting compensation, authorized by the Corporation to cover financial loss resulting from his or her absence from work or basic occupation, related to preparation for and participation in Olympic Games, World Championships, regional games, continental championships and major international competitions approved by the Corporation. Payment, however, shall not be in excess of the sum which the competitor would have earned in the same period of time.
- .4 By accepting scholarships, if granted on the basis of academic and technical standards dependent on the fulfillment of scholastic obligations but not on athletic prowess.
- .5 By accepting prizes other than medals and inscribed trophies, the commercial value of which shall not exceed \$125.00.

304.11. In every case involving a swimmer charged with violation of Sections 304.8, 304.9 and 304.10, or in every case in which an opinion is sought on whether the facts of a particular case would violate the section, the hearing shall be held or the opinion given by the National Board of Review, or by a special ad hoc committee appointed by the President, and not by an LSC.

304.12. A swimmer, shall cease to be eligible to compete in events conducted by the Corporation or its LSCs, or by any FINA Federation, while under suspension or if expelled by the Corporation for violations of this Part Three.

304.13. A swimmer who registers for Masters swimming may retain his unrestricted right to compete in open amateur competition if he otherwise qualifies as an amateur in accordance with this Article 304 and with FINA GR1. He may be registered for both USS open competition and for Masters Swimming at the same time.

304.14. A club/organization may be awarded cash prizes, or other prizes of monetary value, in any exhibition, Swim-a-thon, or competitive event. Such prizes shall be used solely for furthering the purposes of amateur swimming.

304.15. A swimmer declared ineligible, for any reason, may be reinstated pursuant to the provisions of Article 401.

PART FOUR

HEARINGS AND APPEALS

ARTICLE 401 HEARINGS AND APPEALS

401.1. GENERAL—As hereinafter set forth, the Corporation may censure, suspend for a definite or indefinite period of time with or without terms of probation, or expel any member of the Corporation, including any athlete, coach, manager, official, member of any committee, or any person participating in any capacity whatsoever in the affairs of the Corporation, who has violated any of its rules or regulations, or who aids, abets, and encourages another to violate any of its rules or regulations, or who has acted in a manner which brings disrepute upon the Corporation or upon the sport of swimming. The Corporation may also conduct hearings on any matter affecting the Corporation as the national governing body for swimming.

401.2. JURISDICTION OF THE LSC—In those matters involving only a member or members of one LSC, the procedure to be taken and the rules to be followed for hearing shall be as set forth in Part Six, Article 611. (For guide to hearings and appeals, and form for notice of hearing, see Appendix 4-A.)

401.3. JURISDICTION OF THE CORPORATION—In those matters in which athletes or other members of the Corporation from more than one LSC are involved, or in matters involving such persons during a national or international event, an investigation and report of the facts shall be made to the General Chairman of the National Board of Review and to the officers of the Corporation. If in the opinion of a majority of the officers, a hearing or further investigation is then warranted, the matter shall be submitted to a National Board of Review for hearing and decision.

- .1 Where persons or entities from more than one LSC are involved, the investigation and report shall be made by the Executive Director or his designee.
- .2 In those matters occurring during the course of a national, regional or zone event, the Vice President of Program Operations, or his designee, shall make the investigation and report.
- .3 In those matters occurring during the course of an international event, Olympic International Operations Committee Coordinator, or his designee, shall make the investigation and report.

401.4. NATIONAL BOARD OF REVIEW—The Board shall be comprised of the General Counsel of the Corporation, all associate counsel, one (1) athlete representative from each of the four zones (appointed by the Chairman of the USS Athletes Committee), and such other members as may be recommended by the President and approved by the Board of Directors. The President shall appoint the chairman and shall designate a panel of no less than three members, one of whom shall be an athlete representative, to hear and decide any case before the Board of Review.

401.5

401.5. AUTHORITY OF NATIONAL BOARD OF REVIEW

The National Board of Review has the authority to:

- .1 Impose and enforce penalties for any violation of the rules and regulations, administrative or technical, of the Corporation;
- .2 Determine the eligibility and right to compete of any athlete;
- .3 Vacate, modify, sustain, stay or reverse any decision or order properly submitted for review, or remand the matter for further action;
- .4 Investigate any election impropriety or cause for removal of a national committeeman or national officer and take corrective action;
- .5 Interpret any provision of the rules and regulations of the Corporation with the exception of the technical rules (Part One);
- .6 Review any revocation, suspension or reinstatement of membership to assure due process; and
- .7 Issue such interim orders, prohibitory or mandatory in nature, as may be necessary pending a final decision of the Board.
- .8 Reinstatement of any athlete to amateur status. (Note: This relates only to USS domestic competition and NOT international competition. It must be read in light of FINA rules on requalification which read as follows:
GR3. A swimmer who has broken the amateur law knowingly and thereby is no longer an amateur, may not be requalified as an amateur, provided that:

GR3.1. When special reasons or extenuating circumstances exist, a swimmer can be requalified as an amateur, though not until two years have elapsed since the breaking of the amateur definition.

GR3.2. If such reinstated swimmer wishes to take part in international competition, the full facts surrounding the case may be presented to the Bureau for such action as the Bureau may deem necessary.)

401.6. PROCEDURE FOR REVIEW

- .1 Every appeal to the Board of Review shall be instituted by a petition served upon the Executive Director and shall be accompanied by a \$50 filing fee payable to the Corporation. The petition for review shall set forth the grounds for appeal, citing factual and legal issues in as much detail as possible. The filing fee shall be returned if the appeal is upheld, but forfeited if it is rejected, modified or abandoned. The Board of Review may assess costs against any party.
- .2 The Executive Director shall send a copy of the petition for review to the respondent and chairman of the Board of Review immediately upon receipt. The respondent shall within 30 days following receipt of the petition file a written response with the Executive Director, the petitioner and the chairman. The petitioner may within 10 days following receipt of a copy of the response file a written rebuttal with the Executive Director, the respondent and the chairman. The chairman may decrease or increase the time limits for any of the foregoing upon request of either party and if circumstances should warrant it.
- .3 A final and binding decision shall be rendered within 75 days from date of filing of the petition by a majority of the acting panel based on the record submitted

for review and on evidence submitted at such hearing as may be required by the panel. A written decision shall be sent to all parties. Petitions once reviewed and decided shall not be reopened for consideration by the Board of Review, except by direction of the Board of Directors of the Corporation, or upon showing of sufficient cause to the chairman of the Board of Review.

401.7. APPEAL TO THE BOARD OF DIRECTORS—Any real party in interest may appeal to the Board of Directors for review of any decision of the National Board of Review within thirty (30) days of the date of decision. The Board of Directors may assess fees and costs against the losing party.

401.8. EXCLUSIVE JURISDICTION—After an LSC that is a real party in interest is given such notice and hearing as time and circumstances may reasonably dictate, and upon a majority vote of the officers, the Board of Directors or the National Board of Review may be assigned exclusive jurisdiction at any stage of any matter within the purview of this Article 401 when the best interests of the Corporation will be served thereby. However, such exclusive jurisdiction shall not be assigned where the matter is within the original jurisdiction of an LSC Review Section pursuant to Section 401.2 unless compliance with regular procedures would not be likely to produce a sufficiently early decision to do justice to the affected parties. If exclusive jurisdiction is so assigned compliance shall be made in every instance with all requirements of procedural due process as set forth in this Article 401. In either case the reviewing body may assess fees and costs against any party.

APPENDIX 4-A

HEARINGS AND APPEALS

Following are two documents. The first is a guide explaining simply the procedures for expeditious handling of complaints and/or disciplinary hearings.

The second document is a proposed form for Notice of Hearing designed to ensure minimal due process.

Note that the system is designed to handle matters involving any individual and any entity participating in any activity of United States Swimming, Inc. (USS)—not just athletes, but coaches, managers, officers, club-members, and all classes of members of USS or the LSC.

All such procedures should provide:

- .1 A swift and effective remedy for both complainant and respondent.
- .2 Hearing by an objective body. Initially, this body is the Review Section of the LSC with no less than five elected members. (Section 611.2).
- .3 A several-step format (from the Review Section to the House of Delegates or the Board of Directors to the National Board of Review) which takes care of the vast majority of such cases at the local level, reducing the likelihood of time-consuming and expensive procedures at the national level (the importance of this will become more and more evident as athletes take advantage of streamlined processes under the Code and the USOC Constitution, to find remedy for their complaints). Article IX of the USOC Constitution provides an immediate remedy for the aggrieved athlete denied the right or opportunity to participate in international competition. He may bring his grievance directly to the Executive Director of the USOC who makes an immediate investigation of the matter. If the controversy is not then settled to the athlete's satisfaction he may take the matter to binding arbitration.

GUIDE FOR DISCIPLINARY HEARINGS AND APPEALS

.1 Due Process

What is it?

If **you** were charged with an offense you would want:

- A Notice, preferably in writing, of those specific offenses with which you are charged;
- B An opportunity to defend yourself and a reasonable time within which to prepare your defense;
- C The right to have counsel represent you if you wish;
- D A hearing before a disinterested, objective body at a specific time under such circumstances as to give you full opportunity to present your defense; and
- E Notice of how to appeal the decision if it is against you.

It is as simple as that.

.2 Jurisdiction of the Corporation

Part Four of the Code (Section 401.3) provides that in those matters where athletes or other members of United States Swimming from more than one LSC are involved, or in matters involving such persons during a regional, or national or international athletic event, they will be handled at the national level. The officers assign the matter for investigation and report depending upon its nature. Each matter is assigned for investigation and report depending upon its nature.

.3 Jurisdiction of the Local Swimming Committee

Part Six provides for two separate procedures:

A Section 611.4.1: Formal hearing.

B Section 611.4.2: Emergency hearing.

In both cases the Review Section of the LSC is responsible for initial procedure, unless the House of Delegates takes exclusive jurisdiction for some reason.

.4 Formal Hearing

Read the section. Note that it provides for all the elements discussed in Paragraph 1 above on Due Process. It applies to **any** individual and **any** entity participating in **any** activities whatever of the LSC or United States Swimming—not just athletes, but coaches, officers, committee chairmen, clubs and all classes of members as well.

A **Review Section.** The Section can have investigation made by an individual or special committee appointed by the Chairman for that purpose.

In the notice (sent by certified mail or personally served) set the hearing date for **not less** than thirty (30) days and **not more** than sixty (60) days.

If a disciplinary hearing, the notice should list the possible penalties that can be assessed (censure, probation, suspension for definite period of time, suspension with probation, suspension for life).

Request the respondent to answer the notice in writing to the Chairman, to be received by that officer no later than ten (10) days prior to the date set for hearing.

Decision must be made at the time of hearing or within twenty-four (24) hours thereafter.

Immediately send written notice (by certified mail) of decision to all parties concerned, including the complainant, together with a statement of facts as determined by the Review Section.

In the notice notify the parties that either may within twenty (20) days appeal the decision to the LSC House of Delegates or to the Board of Directors and then to the National Board of Review.

You need not worry about strict court rules of evidence. Hearsay, letters, affidavits, new articles, and the like, as well as direct testimony from witnesses, is admissible so long as relevant to the issues and if not repetitive.

Use your common sense. Give proper weight to the type of evidence offered and consider the source from which it comes.

- B **Appeal.** If an appeal is filed by either the respondent or the complainant, send out written notice at once to both parties containing exactly the same elements as required in Paragraph 1 above. The Board or House can act on the report of the Review Section as to its findings, **or**

The Board or House can have a **whole new hearing** if either feels the report of the Review Section is inadequate.

In most cases this **is advisable and strongly recommended.**

The same rules of evidence apply.

The House or Board can reverse, affirm, or completely modify the decision of the Review Section.

Once the decision is made send it out to all the parties concerned, notifying them of right of appeal within thirty (30) days to the National Board of Review.

The appeal to the National Board of Review requires a filing fee of \$50.00. It must be addressed to the National Executive Director (see Section 611.1 for procedure). It should cite the factual and legal issues as much as possible.

.5 Emergency Hearing

This Section tries to take care of the situation usually involving an athlete in which an immediate decision must be made. Notice may be oral or in writing, but, if oral, reduced to writing as soon as possible.

The Federal law states that an athlete cannot be suspended from competition, **even temporarily**, without a hearing.

For example, suppose a complaint is made at the site of an event that a particular athlete is ineligible to participate.

You should be prepared in advance to have one or more representatives, preferably three (e.g., the meet director, referee, and another official) conduct an immediate hearing, at the site of competition if necessary.

The decision can then be made regarding the eligibility of the athlete to compete, even if under protest.

The decision must be reduced to writing within ten (10) days of the hearing and a copy served by mail on the Respondent and on the Chairman of the Review Section. It should include findings of fact.

If any one affected wishes a formal hearing later on, the matter can then be referred to the Review Section for full hearing under the provisions of Section 611.5(1).

Use your common sense in such situations. **Give the athlete the benefit of the doubt.**

APPENDIX 6-A

PERMITTED MODIFICATIONS OF LSC BYLAWS

The following Sections of Part Six are not mandatory and may be modified by each LSC within the following guidelines:

602.1.

Types—An LSC may add additional membership classes, including individual members, or it may impose additional restrictions. Examples: no proxy voting; a person may represent no more than one group member; a weighted voting system by size of group members, etc.

603.1.1 LSC HOUSE OF DELEGATES

Appointment—An LSC may have additional members on its LSC House of Delegates, including individual members with or without vote.

603.2 .1 Board of Directors

Members—An LSC House of Delegates may elect at large members to the Board of Directors with or without vote.

603.2.3 An LSC may establish an Executive Committee as defined if it wishes. This is advantageous if the Board meets infrequently, is large, or its members must travel from a distance to meet. An LSC cannot establish an Executive Committee unless its bylaws so authorize.

604.1. TITLES—Those listed must be elected. In addition, there may be provisions for electing at large members to the Board of Directors. Any office may be combined with another, except that of general chairman.

604.3. TERM OF OFFICE—Terms may be for one, two or four years, but in no event for more than four successive years in any one office. There need not be limitation on terms of registration chairman, treasurer, secretary/treasurer (if combined), or technical planning chairman. The technical planning chairman's position may be eliminated if LSC does not think it necessary to have the position.

605.1. MEETINGS—The LSC annual meeting may be held at any time prior to November 15, with new officers taking office no later than January 1 of the following year, keeping in mind that delegates to the USS House of Delegates must be certified by July 15. 605.5. QUORUM—An LSC may establish what constitutes a quorum depending on local needs.

606.1. TYPES—This entire article is intended as a guideline. The names of divisions and committees must remain as set forth in Article, but the internal make-up of divisions and committees, and additional committees as desired, may be independently determined by an LSC. Division titles and responsibilities, and those of the key committees listed, should remain the same in all LSCs to ensure nationwide uniformity and continuity of communication and administration.

606.2.1 Registration chairman may appoint deputy registrars and may assign authority to issue sanctions and approvals to an administrative division within the LSC for efficiency and convenience.

612.4. MAIL VOTE—The provision for mail vote is optional.

Note: Election of officers is intended to be flexible enough to give each LSC the right to determine whether old or new officers attend the annual meeting of the USS House of Delegates. Notification to the national secretary must be made by July 15. If an LSC chooses to send its new officers, elections must be held prior to July 15 of that year.

APPENDIX D

REDISTRICTING PROCEDURES

1. **Change in LSC Club Affiliation.** If a club wishes to change from one LSC to another LSC which is contiguous and where no other club geographically intervenes, and if by two-thirds (2/3) vote the House of Delegates of each LSC approves, such transfer shall be effective ninety (90) days after receipt of written notice by the national headquarters. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.
2. **Change in LSC Territory.** If two-thirds (2/3) of the number of clubs in a contiguous area within an LSC wish to affiliate with a neighboring and contiguous LSC, and should the House of Delegates of each LSC by a two-thirds (2/3) vote of those members present and voting in a regular or special meeting of each, or by mail vote by a majority of those members of each House of Delegates eligible to vote, approve the change, the change in territorial jurisdiction shall include all clubs in the area and shall become effective at commencement of the next succeeding fiscal year of the Corporation. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.

Such request must be received by the chairman prior to April 1. The committee shall make a recommendation to the House of Delegates at the next annual meeting for its approval or disapproval. Should approval be granted, the formation of the new LSC shall become effective at the commencement of the month following the meeting or October 1, whichever is earlier. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president. Should approval be granted, the formation of the new LSC shall become effective at commencement of the next succeeding fiscal year of the Corporation. - .5 **Review.** Should the House of Delegates of any LSC mentioned in subsections (1), (2), or (3), or any Zone mentioned in subsection (4), disapprove the proposed changes, the proponents may submit the matter to the Legislation/Redistricting Committee at least one hundred (100) days prior to the next regular or special meeting of the USS House of Delegates.

Submission to the Committee shall be in writing; shall contain the name of the proponent(s), the name(s) of the club(s) involved, a record of vote(s) taken at any level certified in writing by an appropriate officer; and shall contain a summary of the rationale for the proposed change(s).

- (o) All top finishers in each race will be given awards regardless of the nationality of the swimmer. Duplicate awards will NOT be given except in the case of ties. The number of awards given will be determined by the number of lanes used in the pool. Medal awards will be awarded one through six, and appropriate awards will be awarded seven and beyond.
- (p) Each individual who wins a short course or long course individual or relay championship shall be awarded a USMS Championship patch. Swimmers winning more than one championship may purchase additional patches for each additional championship won.
- (q) Team scoring will be tabulated in three categories: 1) WOMEN'S—women's individual and women's relay events; 2) MEN'S—men's individual and men's relay events; and 3) COMBINED—women's, men's and mixed relay events. USMS will provide team awards to the winners of the categories scored above in two divisions, based upon the number of swimmers entered in the meet from each club. In the women's and men's categories, those clubs with more than 15 entrants will fall into Division I for that category; those clubs with 15 or fewer entrants will fall into Division II. In the combined category,

those clubs with more than 30 entrants will fall into Division I; those with 30 or fewer will fall into Division II for that category. Meet results and team scores shall be published within thirty days of the last day of the meet, and distributed to members of the USMS Board of Directors, representatives of participating clubs, and USMS Records and Tabulation chairman.

- (r) There will be no splitting of age groups into AM and PM sessions. However, at the meet director's discretion, swimmers whose seed times will inordinately delay the progress of the meet may be seeded individually in an outside lane with mechanical timing, thus allowing the continued sequence of the regularly scheduled heats.
- (s) USMS individual and club registration numbers must be submitted on all entry forms together with entry times. "No time" for swimming events and "Pending" for registration number will not be permitted.
- (t) National Championship Meets will include and welcome foreign swimmers on the same basis as U.S. swimmers except that they may not qualify for USMS top ten and All-American awards.
- (u) The Meet Director of each National Championship Meet shall submit a written evaluation to the chairperson of the Championship Committee within 90 days of the end of competition. This evaluation shall include a complete financial report, copies of meet information, entry forms, heat sheets, and final results, and any other information which may be helpful to future Meet Directors.

I MSI Championship Meets—(long course only)

- (1) U.S.M.S. affiliate fee to M.S.I. is due each January 1 (for calendar year).
- (2) MSI Records — Details of U.S.M.S. long course National Meet results shall be supplied to MSI.

J National Recognition of Achievement—The registered USMS swimmer with the fastest listed time for an individual event for that season that is listed in the National Top Ten Times shall be declared the All-American in that event for the year. All LMSC Top Ten times, as well as American Record applications, shall be in the hands of the National Records and Tabulation Chairman by the dates set forth in Section (F)(1)(b) of this article.

K Medical Examination—Each competitor is strongly encouraged to have a complete medical evaluation before beginning Masters training. In addition, it is also recommended that each competitor have a physical check-up immediately prior to Masters competition in order to insure his physical readiness for participation.

L Medical Equipment—Meet directors are encouraged to investigate the use of appropriate EMT equipment and personnel for all meets.

PART EIGHT

LONG DISTANCE SWIMMING

I. ADMINISTRATION

A. Organization

The Long Distance Swimming Co-ordinator shall be elected by the Program Operation Committee and will be responsible to the Program Operations Vice President for the conduct and administration of the Long Distance Program.

The membership of the Long Distance Swimming Committee of United States Swimming shall consist of the following:

- A. One member from each of the Local Swimming Committees (LSC)
- B. One member from each Local Masters Swimming Committee (LMSC)
- C. One member appointed by the president of USS
- D. One member appointed by the president of USMS to coordinate Masters activities
- E. Past chairmen
- F. Members-at-large selected by the Committee

B. Registration and Sanctions

- (1) All Long Distance swimming athletes will be required to register with USS or USMS, and to conform to their respective codes, rules and regulations prior to competing.
- (2) Sanctions will be required for all Long Distance swimming events. LSCs are responsible for issuing sanctions for events involving USS athletes. Similarly, LMSCs are the responsible agents for issuing sanctions for events involving USMS athletes. If a Long Distance swimming event will have both USS and USMS sections, two sanctions must be obtained, one from each of the governing bodies. If both USS and USMS issue sanctions and swimmers from both groups compete, the race(s) shall be in separate sections. Under no circumstances will a USS athlete and a USMS athlete be considered part of the same competition.

II. DEFINITION

Long distance swimming shall be defined as any freestyle swimming event over 1500 meters, normally conducted in a natural body of water; i.e., a lake, river, or ocean, although man-made pools, quarries and reservoirs may be used.

III. EVENTS

The long distance swimming events shall consist of individual or team competition as follows:

- A. **Quarter-mile Straightaway** — The course shall be set in open water and shall be a quarter of a mile (440 yards) straightaway using a cable with floats

stretched between two pylons or platforms fixed stationary in the water. The distance between the anchoring points of the cable shall be maintained within plus or minus six inches, measured to the outer edge of the turning pylons. The course shall be swum clockwise, unless it is deemed unfeasible to do so by the meet director. No more than twenty swimmers shall be placed in the first or subsequent rows. If more than one heat is required, every effort should be made to swim a counter clockwise heat. A stationary water start shall be used. The starting position will be determined by seed time. Records will be maintained in this event. If a race is stopped and swimmers are removed from the water for their safety, the Meet Manager will not restart the race if $\frac{1}{2}$ mile has been completed. The last recorded $\frac{1}{2}$ mile time for each swimmer will be used to place finishers.

- B Open water distance events (includes rough water)**—As surf, beach tide and temperature and other physical factors vary, the meet director shall determine the course for open water events. The course should be measured as accurately as possible, with the aid of navigational charts if possible. The meet director shall determine the type of start to be used. As course distances and conditions are different, no records will be maintained; however, meet managers are encouraged to keep meet results. The distances shall be the same for both men and women and may be contested at the same time with separate results tabulated. Age group and other classifications may also be swum at the same time, again tabulated separately.
- C Marathon-Type Events (Over Six Miles)**—The same considerations as stated in the above apply, except the event will be a greater distance in this type of event. The meet managers are encouraged to establish entry requirements that ensure contestants will have a reasonable chance of completing the events. Time limits for completion may be set. When the time limit expires, all swimmers in the water will be required to retire from the race.
- D Time/Distance Event (One hour swim for distance)**—The object of the event is to determine who can swim the greatest distance in a given time period. The person swimming the farthest shall be declared the winner. The person swimming the second greatest distance shall be awarded second place, etc. In the event that two or more swimmers swim the same distance, a tie will be declared. The events shall be swum in a pool at least 25 yards in length. The distance shall be computed by multiplying the total lengths swum by the length of the pool and adding the last completed five yard increment; if the event is swum in a metric pool, the distance shall be determined in meters and converted to yards by multiplying 1.0936 times the number of meters completed and rounding off the distance to the last completed five yard increment. All distances shall be reported in yards. When the event is contested as a postal meet, the results are sent to a central location for tabulation. Each entrant will be responsible for the validity of the figures and the distance submitted. There shall be an adult acting in the capacity of a starter/head timer/referee (may be one person) present at all times, having no other responsibilities during the period of the swim. For each swimmer, there shall be a separate lap counter who shall record split times for every lap during the swim. A stop watch shall be used to time the event.
- E Individual Long Distance Swims**—Swims must be sanctioned and conducted by the appropriate governing body or its designee in accordance with all pertinent rules and regulations. All information relative to the swim shall be

made public and available to any interested person at least three days before the event. If the event is to be swum in more than one LSC, the LSC where the attempt will start will have jurisdiction in issuing the sanction. This does not prohibit the other LSC from issuing a sanction for the event. If more than one swimmer is attempting to swim, only one sanction need be issued. All times achieved in long distance individual attempts shall be duly certified and made a matter of record by the appropriate governing body or its representatives. Further, a copy of the above should be sent to the National Long Distance Chairman who will be responsible for maintaining records of all attempts. The certification should include:

- (1) Swimmer(s) name, age, sex and registration number.
- (2) Governing body sanctioning the event.
- (3) Course: to include name of body of water, starting and finishing points and measured distance.
- (4) Verifications and documentation that all rules were observed and the swimmer(s) either completed or failed to complete or attain the distance.

F Team Events

A team event may be contested on a total time or point-system basis.

- (1) Three contestants on each team shall be considered in the computations for team scoring. The team whose top three swimmers have the lowest cumulative time or the greatest cumulative total yards shall be declared the winner. A similar method will be used to determine second, third and subsequent places. In the event of ties, the team whose individual member finished nearest to first place shall be declared the winner or awarded the place.
- (2) Point Basis. Points are awarded on the basis of finishing position. One point for first place; two points for second place, etc. The points of the first five team members are added together, and the lowest cumulative score determines the winning team; the second lowest score, the second place, etc. In the event that two or more teams score the same number of points, the team that has the swimmer who won or finished closest to the first place shall be declared the winning team.
- (3) No individual entries can be accepted in the team events. All entries must be made by clubs and signed by an authorized official of the club making the entry.
- (4) Mixed sex teams, with a minimum of two women per team, may be contested.

G Relays—Relay teams shall consist of six swimmers. The team members shall rotate in the same order throughout the event. The time each swimmer is required to spend in the water shall be specified on the entry form. The changeover to the new swimmer will be made as soon as is practically possible after the previous swimmer has completed his respective leg. In the exchange, physical contact must be made between the two swimmers.

IV. SAFETY PRECAUTIONS

A Each competitor is strongly encouraged to have a complete medical evaluation before competing in any long distance swimming event.

- B** As conditions and courses vary, it is the responsibility of each swimmer to know and follow the safety standards necessary to protect himself or herself from any and all dangers. The meet manager can assist this endeavor by:

- (1) Obtaining necessary permits/approvals from the US Coast Guard, Park Authorities, Life Guards Associations, etc.
- (2) Providing accurate maps, with course descriptions and other pertinent information with entry forms and meet information packets.
- (3) Planning for possible medical evacuations.
- (4) Assigning rescue/aid personnel and craft.

TAKING THE FIRST STROKES TOWARD 1988.

Preparation has, in fact, already begun. In pools across the United States, promising young swimmers and divers are now working toward

the special goal of representing their country in 1988. That's why Phillips Petroleum has been a national sponsor of United States Swimming

since 1973, and of United States Diving since 1979. We will continue our support for a long time to come. Not only to help our best athletes,

but to introduce many thousands of young people to the skills, joys and disciplines of competitive swimming and diving. Because

we think that, no matter what they ultimately achieve in the pool, the things they learn can make them all lifelong winners.
