# How to Add a Family Member to Your Dashboard

To add a family member to the My Family section of your member dashboard:

1) Log into your SWIMS user account at hub.usaswimming.org.
2) Click the "Add Family Member" button in the top right corner of the My Family section.

3) Enter your family member's Member ID and click "Save."

If you do not have your family member's Member ID, please request this from your club directly. If your family member does not have a Member ID, going through the Online Member Registration (OMR) process will automatically assign them their Member ID and add them to the My Family section of your dashboard.

4) Your family member will be added to your My Family section.
